I want to do the following student choice activity:

1-Description Describe the role that family plays in <i>A Long Walk to Water</i> .	2-Cause and Effect Explain the effects of climate and place on the lives of the Sudanese.	3-Compare and Contrast Think of other survival stories like wilderness adventures, historical fiction, myths, etc. How are these different and similar to ALW2W?
4-Compare and Contrast How are Nya and Salva similar and different in terms of culture, time, and place?	5-Student Choice Activity	6-Problem and Solution Explain Nya's water problem and come up with a realistic solution.
7-Problem and Solution What is the problem faced by the people on the island village in the <i>White Nile</i> ? How did they solve it?	8-Chronological/Sequence Create a list/paragraph showing the order of the most important things refugee camp workers have to know, do, and consider in taking care of the refugees.	9-Cause and Effect In a paragraph or table, share at least 4 of the obstacles that Salva and the refugees face and include their causes and effects.
